

# Mile Hill Windfarm

Brought to us all as a Commercial Project by Airtricity (UK) Ltd

# SAY **NO** TO BIG LORRIES on SMALL ROADS

Proposal to transport **Six 100+ M Wind Turbines, Two 65M Anemometer Masts, Cranes, Major Earth Moving Equipment and associated construction staff**

## **Do we need all this:**

Traffic movement predicted: Over 1400 Heavy Good Vehicles  
Over 5000 Light Vans & Staff Vehicles  
Over 150 Abnormal Loads (44 M long 2.5M wide 4.2M high)

Most of these vehicles will travel through residential areas

Likely to be parking restrictions on **Morrison & Lindsey St & Slade Rd Kirriemuir**

Dust and fumes throughout the summer

Traffic Management schemes with police escorts for Abnormal Loads

Roads blocked for extended periods causing delays

Frightening large and noisy vehicles

Damage to road structure, private property, vehicles and trees

Traffic hazards, increased accident risk during construction and during operation

Distraction of drivers, increasing the risk of accident and running off the road

*Example objection letter can be down loaded from [www.gleninfo.co.uk](http://www.gleninfo.co.uk)*

**Objections need to be sent AS SOON AS POSSIBLE – Please object now**

## **PLEASE SEND YOUR OBJECTIONS TO:**
