

Mile Hill Windfarm

Brought to us all as a Commercial Project by Airtricity

SAY **NO** TO

BIG WIND TURBINES FOR A SMALL GLEN

Erection of **Six 100+ M Wind Turbines** and Associated Infrastructure **2 x 65 M Anemometer Masts, 7 borrow pits (quarries)** and **miles of roads across open countryside**

Do we need all this:

- Overwhelming unspoilt Quharity Glen & Auldallan Village
- Damaging to local tourism and holiday cottages
- Possible health hazard for Auldallan residents and visitors
- Clearly visible from Grade "A" Balintore Castle and surrounding properties
- Visible for miles from many directions
- Risks to protected birds and wildlife
- Risk of environmental damage to natural watercourses
- Distraction of drivers, increasing the risk of accident and running off the road
- Traffic hazards during construction and during operation
- and many other reasons...

Example objection letter can be down loaded from www.gleninfo.co.uk

Objections need to be sent AS SOON AS POSSIBLE – Please object now

PLEASE SEND YOUR OBJECTIONS TO:
